# *Internet Evangelism*

■■■ one way to tell  
*the Good News*

# What is Evangelism?

- Telling basic message of Christianity to people so they can hear it and have a possibility to receive it.

***God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. John 3:16***

# Basic Message

- *God has created this world*
- *God loves us with great love*
- *We have disobeyed His will*
- *Jesus suffered punishment for our disobedience. Through that he made peace between us and God.*
- *God promises forgiveness of sins and Kingdom of Heaven to all people who believe in Jesus and are baptized.*

# Evangelism...Why would we do that?

1. Because Jesus told us to

**“Go into all the world, and preach the gospel to the whole creation. He who believes and is baptized will be saved...”**

Mark 16:15

Jesus said:

**Go therefore and  
make disciples of  
all the nations,  
baptising them to  
the name of the Father,  
and of the Son and  
of the Holy Spirit,  
teaching them to  
observe all things  
that I commanded you.**

Mathew 28:19-20

# Why evangelism?

**2. Because hearing the gospel can have great impact**

*“Whoever will call on the name of the Lord will be saved.*

*How then will they call on him in whom they have not believed?*

*How then can they believe in someone they have not heard about? And how can they hear without someone preaching?”*

*Rom 10:13-14*

- ***“Faith comes by hearing, and hearing by the Word of God.”***

*Rom 10:17*

# Why evangelism?

**3. Because God gives us motivation and strength to do that**

“For it is God who works in you both to will and to work, for his good pleasure.”

*Philippians 2:13*

# How did First Century Church do it?

- Via Roman road system
- Proclaiming gospel mainly in synagogues, agoras and homes
- What was agora?
  - ❖ place where most people gathered regularly
  - ❖ a market place
  - ❖ place to get information
  - ❖ place for social interaction
  - ❖ place for exchanging ideas and discussing

# Internet

- One way to go where people are – modern 'Roman road'
- Modern agora - 'place' where lot's of people gather regularly to buy and sell, access a wide range of information, exchanging ideas, and for social interaction and discussion about philosophies and social issues
- Direct way to homes

# ...Why through Internet?

- Many people feel it is “safe way” to get to know Christian faith – anonymously, without obligations, no questions asked
- One way to keep Word of God available without pushing it
- Many or most Japanese people don't have active contacts with Christians
- Encouraging experiences
- Low-cost

# The “99 percent problem”

Most Christian...  
books,  
videos,  
websites  
are for us, Christians.

**But very few ...**  
materials are for non-Christians

# Using the Web for outreach

# Building a Bridge to explore the questions of life

# Building a Bridge

Jesus encountered people facing first their questions and problems. He “built a bridge” to tell the Word of God.

Many people:

- don't know they need Jesus in their lives
- are not searching for Christian sites, and so will never find a Christian website

But people are searching for things that interest them. So let's write pages about these things. There we can help them to also explore what Jesus has to offer them.

# Possible 'bridge' topics?

Almost anything!

- sport
- hobbies
- information
- news related topics
- films
- music
- books
- food
- living district, community
- health

# Classical music

### [THE PUZZLE OF OUR LIVES](#)

One of the most frequently asked questions I get asked in master classes is: "How did you get where you are today?" In this article, I have detailed the various steps I went through before arriving at my present position with the Boston Symphony Orchestra and then go on to answer the larger question that people ask which is how can we put together the "puzzle of our lives." I hope that this message of challenge, hope and comfort will be an encouragement to all who seek fulfillment and balance in life whether in music or other disciplines. ### Lost Leg, Found Life

A freak accident when I was 23 took my leg and nearly my life. The months that followed were times of closeness with God and darkness. Everything changed that day.

**At the age of 23, one year after studying agriculture at UBC, I had purchased my own agricultural business, and had firm plans for a major expansion. Young, aggressive and full of new knowledge, my goals and priorities were first and foremost my business, cars, and sports.**

March 19th, 1971 was a beautiful day—my work was nearly done and I was anticipating an evening with friends. With only one thing left to do before my work day was over. I was surprised that my newest piece of
